

Advance Directive for Mental Health Treatment

I, _____, being a person with capacity, willfully and voluntarily make known my wishes about mental health treatment, by my instructions to others through my advance directive for mental health treatment, or by my appointment of an agent, or both. If a guardian or agent is appointed to make mental health decisions for me, I intend this document to take precedence over other means of ascertaining my wishes and interests.

The fact that I may have left blanks in this directive does not affect its validity in any way. I intend that all completed sections be followed. I intend this directive to take precedence over any other mental health directives I have previously executed, to the extent that they are inconsistent with this document, or unless I expressly state otherwise in either document.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if one qualified mental health professional and one mental health treatment provider find that I am an incapacitated person, unless I successfully challenge the determination of incapacity.

I understand there are some circumstances where my provider may not have to follow my directives, specifically, if the treatment requested in this directive is infeasible or unavailable, the facility or provider is not licensed or authorized to provide the treatment requested or the directive conflicts with other applicable laws.

I thus do hereby declare:

I. DECLARATION FOR MENTAL HEALTH TREATMENT

If a mental health treatment provider and a qualified health care professional, one of whom is my primary health care professional, if reasonably available, determine that my ability to receive and evaluate information effectively or communicate decisions is impaired to such an extent that I lack the capacity to refuse or consent to mental health treatment and that mental health treatment is necessary, I direct my primary care health professional and a mental health treatment provider, pursuant to the Mental Health Care Treatment Decisions Act, to provide the mental health treatment I have indicated below by my signature.

I understand that “mental health treatment” means services provided for the prevention of, amelioration of symptoms of or recovery from mental illness or emotional disturbance, including but not limited to electroconvulsive treatment, treatment with medication, counseling, rehabilitation services, or evaluation for admission to a facility for care or treatment of persons with mental illness, if required.
